

WESTLAKE CHRISTIAN ACADEMY

JR. HIGH MATH & SCIENCE TEACHER

GRAYSLAKE, ILLINOIS | WESTLAKECHRISTIANACADEMY.ORG | INFO@WESTLAKECHRISTIANACADEMY.ORG

QUALIFICATIONS

- Bachelor degree in STEM field.
- Valid ACSI Teacher certification or willingness to apply for it.
- Experience in teaching secondary students preferred.
- All general qualifications for faculty/staff.

GENERAL RESPONSIBILITIES

- Prepare for and teach primarily junior high math and science, which would include courses like:
  - Earth Science
  - Pre-algebra
  - Intro to STEM
- If qualified, teach some high school STEM courses like physics, intro to engineering, or computer science
- Provide and execute weekly lesson plans and maintain curriculum maps.
- Assess learning and record grades regularly.
- Attend all required faculty meetings and in-service days.
- Contribute to the faculty Professional Learning Communities on Friday mornings.
- Support the community life of the school through participating in special events, retreats and field trips.

ACCOUNTABILITY

- Answers directly to the school administrator.
- Evaluated annually by a school administrator.

HOURS, HOLIDAYS, VACATION

This is a part-time position that could be full-time depending on course load. This position runs during the school year. Full and part-time staff have school holidays, and receive personal, sick, and professional days. The remuneration for this position depends upon education level and experience. Tuition benefit varies according to hours worked. Full-time employees are eligible for health insurance and retirement plan options.

SCHOOL PROFILE

- Preschool-12th Grade
- Enrollment: 255. Class size 10-25.
- Founded 1972
- Accredited by ACSI
- Recognized by Illinois State Board of Education
